

Choithram School Bags British Council International School Award For The Period 2014 - 2017

Choithram School has added a new international dimension to its curriculum by participating and getting accredited with the British Council International School Award (ISA) for the period 2014 – 2017. Students from Montessori to class XII were involved in multifarious activities throughout the previous session which aimed at providing them a window to the world within their learning environment. The award has affirmed our faith that education is complete only if it transcends borders and gives students an insight into global perspectives thereby deepening their global outlook.

Mrs. Raminder Mac, the School ISA Coordinator received this prestigious award from Mr. Andy Buck, Managing Director, Leadership Matters, British Council India in the British Council School Awards Ceremony held at Hotel Kempinski Ambience, New Delhi on December 4, 2014.

The collaborative projects with three schools from outside India, viz. Dollis Junior School, London (UK), Harris Road Middle School, Concord, North Carolina (USA) and El Mostakbal Integrated Experimental Language School, Nasr City, Cairo (Egypt) fostered camaraderie between nations and brought people from different cultures closer.

The assessment panel provided the following summary feedback for our 580 page dossier:

‘Congratulations! Outstanding portfolio. Well planned and brilliantly implemented. Projects in weaving international dimension into the curriculum. Project titles are catchy and well worded. Student involvement and student learning is evident in all activities. The Project on SAARC culture is worthy of a special mention. Images presented were clear and well labelled. An excellent portfolio which clearly indicated effective collaborative work with partner countries.’
