

## **Choithram School Has Been Reaccredited with the British Council International School Award For The Period 2017 - 2020**

Choithram School has been reaccredited with the British Council International School Award for the period 2017 – 2020 for embedding international learning across the school and curriculum. Students from Montessori to class XI were involved in multifarious activities throughout the previous session which aimed at providing them a window to the world within their learning environment. The award has affirmed our faith that education is complete only if it transcends borders and gives students an insight into global perspectives thereby deepening their global outlook.

The collaborative projects with six schools outside India, viz. Stoke Row C. E. Primary School (UK), Immaculate Conception School (Ghana), Bay View High School (Pakistan), Beirut Modern School (Lebanon), Hasbaya Public High School (Lebanon) and El Mostakbal Integrated Experimental Language School (Egypt) fostered camaraderie between the students and brought them closer to their peers from different cultures. The assessment panel provided the following summary feedback for our 500 page dossier:

‘Congratulations! It is an exemplary dossier with immense collaborative work in every single project. The students of Choithram School have forged ahead through ISA work and their involvement in several activities. There has been ample knowledge and global dimension imbibed in all the Curriculum

Activities. The panel particularly liked Curriculum Activity 'Immortalizing the Immortal' which was handled very diligently and caricatures were amazing. The Curriculum Activity 'We Too Are Human Beings' was very sensitizing and need of the hour.'
