The Famous Five

Author – Enid Blyton

“The Famous Five” is the best series of books I have ever read. It is written by Enid Blyton, a very famous British writer. It has mainly five lead characters. They are Anne who is the youngest, Timothy or Timmy the cutest dog, Georgina also known as George) the fastest and the strongest, Julian- the eldest and also most cheerful and Dick the smartest. Julian is the main character who takes care of his cousins. I like this series because it meets all the expectations that I have from a perfect book. The language is quite simple and can be understood by everyone. It has

the best adventure, good comedy and better sense of humour than all the other books. Adventure story lovers can read and feel the real experience of the characters in this book. I recommend this book to all the children of my age.

"The Hunger Games" (book version)

by Taaniel Tõnnis from Põltsamaa, Estonia

The Hunger Games universe is a dystopia set in Panem, a North American country consisting of the wealthy Capitol and 13 districts in varying states of poverty. A 16 years old girl named Katniss (who lived in 12 state and its the last state because the 13 they resisted and were killed (SPOILER ALERT not all of them were killed(and if you want to get that book then you have to go do the Põltsamaa library)))

The harvest festival was about to begin, so they put on their prettiest clothes (which weren't the prettiest) and went out into the middle of the ... ermm i dont even know whats that thing is? There was SPIN THE WHEEL where everyone's names were on it and those whose names were pulled out had to go to the hunger games.

Katniss name was there 20 (because if you double your name every year and if you want to get free oil and something more you have to triple your name) and her little sister name was only 1 only one time. Firstly were girls AND GUESS WHO PULLED OUT OF IT?????? ALL OVER THE THOUSAND NAMES THEY PULLED OUT OF IT Katniss little sister name (President Snow fix your game). So Katniss little cute sister were coming to the center but her big sister Katniss (who is very brave) were there faster and wanted to be the hunger games player by herself. And the boy player was the biggest the most strongest guy she ever seen. So the guards took them to the train station to get on the train and they drove to the Capitol. There they were trained and and dressed up (like 5 days) and then they were sent to the arena. The match was about to start. 60. 59. 58. 57. 57 seconds later...

G00000000000!!!! and the match started there were weapons, food and supplies all over the arena start. Katniss too one backpack with full of food and started running one girl just throwed an knife to Katniss and she died... SIKE she was alive and not been hit by the knife and she run like an 40km and then were going to sleep. And in the morning she wake up started looking for water and didnt found it.

The next day. WATER???! no just a pile of sand. And what was over the pile of sand???! Just an pile of rocks... And what was over the pile of rocks???! WATER!!! And then she heard that. Footsteps!! And guess who it was? The biggest and the strongest boy and Katniss become friends .

So they invented an cheatcode (you really thought that i am gong to say that hahahhahahaha hahahhahahahaha eeeee no) and won the game together. And now they are rich . And they drove home with the train and they were in love (only the boy). End of the first book. In my opinion it one of the best books i have read.

Great Stories for Children

Author - Ruskin Bond

The book "Great Stories for Children" is a collection of many amazing and classic stories which are very simplistic and heart-warming. There are stories of all kinds, some are moral value based, some are amusing and some are an inspiration from our daily lives. Reading this book was a great delight. It can be a fresh and joyful experience for all the young readers. We can also relate these stories to our own own lives as they have a personal touch. I feel that this book is a good start for beginners. It engages children and helps develop their interest in reading books. Although all stories are very interesting but my favourite one is "The

Thief's Story". The interesting and unexpected twist in the plot kept my curiosity on the peak. I really enjoyed reading this book and I would surely recommend others to read it. It is one of the best collection of stories.

Charlie and the Chocolate Factory

Author - Roald Dahl

'Charlie and the Chocolate Factory' is one of the best books written by Roald Dahl, a famous writer of books for children. It's a must read for fiction lovers. It revolves around a young and poor boy Charlie Bucket. Charlie gets the golden ticket to join a small group of contest winners for a tour to the factory of the candy maker Willy Wonka. Wonka has a hidden agenda behind this tour that would reveal only after the five children in the group show their true colours. Eventually, Charlie, wins the final prize. Wonka wants Charlie and his family to live with him in the factory and to take over the factory when he gets old.

The main idea of the book revolves around the social issue of the gap between the poor and the rich. I typically like the flavours of humour and fiction that clearly reflect in the book. I would recommend it to children of all age groups to read and enjoy it.

Case Book of Sherlock Holmes

Author - Sir Arthur Conan Doyle

Books are our best friends. They impart knowledge and enlighten our mind. In this book review I am going to share about the 'Case Book of Sherlock Holmes'. Sherlock Holmes is a clever and sharp minded detective. He has a friend named Watson who helps him and is a doctor by profession. The book has several adventure stories but the one I like the most is the 'Adventure of Mazarin Stone'. In this story a precious stone gets stolen. The detective finds the thief and his accomplice but could not find the stone. He tries to follow the thief in disguise to find it; but fails. Finally, he thinks of a plan and succeeds in his mission. I

liked the way the detective planned his strategy and how he proved himself in front of the people who doubted his brilliance and talent. The book raises the suspense and interest of the reader and makes it easy to imagine it in front of eyes. In my opinion it is indeed the most adventurous and extraordinary book I have ever read.

RRR

Original Song
'Natu-Natu'

The movie 'RRR' short for 'Rise Roar Revolt' is directed by S.S. Rajmouli and produced by D.V.V. Danayya. The main cast of RRR includes Ram Charan, N. T Rama Rao Jr., Ajay Devgan, Alia Bhatt, Olivia Morris, Ray Stevenson and Alison Doody. This is an epic action-drama movie. It is a story about two Indian revolutionaries, Alluri Sitarama Raju and Komaram Bheem who fought against the British rule and Nizam of Hyderabad respectively. This movie is a great entertainer and everyone has done a remarkable job. The thing I enjoyed the most was the song 'Natu-Natu' which has an electrifying dance choreographed by Prem Rakshith. This movie is one of the best creations by S.S. Rajmouli. In this movie, for the first time Ram Charan and N.T Rama Rao are working together. I personally recommend this movie for all the action lovers. In my opinion, this movie is amazingly good as the actors have done a great work and thus has become one of my favourite movies till date.

Star Wars

Attack of the Clones

KONSTANTINOS K.

SENIOR CLASS

As a fan of star wars movies, I really liked the attack of the clones. If you like sci-fi and adventure films I suggest you watch all the movies including the ones that are not in the trilogy [except the last three because they're bad (personal opinion)]. I believe I like this one in particular, because the plot is interesting, it has decent special effects and the actors performed really well. In addition they introduce the clones who I like a lot due to their armor, weapons and vehicles. I also liked the battle of Geonosis arena and the second battle of Geonosis (fan fact: Geonosis is the Earth in the star wars universe).

Top Gun Maverick

by Kaspar Lind from
Põltsamaa, estonia

Top Gun 2 was the sequel to the Top Gun 1. The film talked about USA Air Force's best pilots training program. It was a very disciplined school. Tom Cruise played the main role in the movie; he is my favorite actor. In the film, they wanted to attack a Russian secret base because they had dangerous nuclear warheads in the base. The training was very hard because the radar was very high tech.

They had to fly in mountains very low. When they did training flight, one pilot got a birdstrike; he almost died but he didn't. I think he was very brave. Finally, they attacked the base. Maverick got hit. He stole a plane from the enemy base. But he got back safe. I think it is a very cool movie.

All of us are dead

by Revon Elmend from Põltsamaa, Estonia

— —

The film talks about a zombie apocalypse in a South Korean city Hyosan high school. So it all started because of that 1 girl who went in a classroom and got bit by a hamster. After that had happened she started feeling things and the science teacher saw it and locked her in a room.

After that the apocalypse started in the cafeteria. The virus was spreading like the speed of light. Everyone was screaming and they were running for their life.

Then that one class got together and tried their best to escape the school. Many characters died but there were 4 hambies (hambie's are half humans and half zombies) Then the main character transformed into a hambie or he died. Then the class escaped the school and the village right next to it.

The military was surprised to see students coming. But then the military was even more surprised to hear the students surviving all that.

In my personal opinion I think that it was a great film because there were some funny,sad and nerve tickiling scenes. I recommend watching this movie because its the most realistic zombie film ever filmed and its like an emotional roller coaster while watching it.

Ramsetu

Bollywood Movie

The movie 'Ramsetu' was released in the year 2022. Ram Setu is a film about the existence of Ram Setu Bridge that connects India to Sri Lanka. The film revolves around the questions that whether Ram Setu was built by man or by God (lord Ram). This movie tries to explain about Ram Setu and presents the religious beliefs along with the archaeological facts. I really loved the way how Akshay Kumar's character tries to find the truth behind Ram Setu till the end. Scientists went to Sri Lanka crossing the giant sea to find most suitable proofs. The team proving it man-made finally won the fight. Ashay Kumar in the role of

archaeologist has done a really good job. Nushratt Bharucha as Akshay Kumar's wife has acted beautifully. Jacqueline Fernandez, Satyadev and Pravesh Rana have also acted well in the movie. In my opinion it is a wonderful movie and a must watch.

THEODOROS CURRENTZIS

By Apostolos K.

Asenior class

The person that I admire most is the Greek musician conductor Theodoros Currentzis.

T. Currentzis is a great musician conductor. He was born in Athens on the 24th of February, 1972. At the age of four he started taking piano lessons. At seven he started violin lessons and at age 20 he studied music in the Saint Petersburg State Conservatory.

Today, he is the chief conductor of the Symphonic orchestra of Stuttgart and artistic director of the ensemble music Aeterna and of the music Aeterna choir.

He is known worldwide for his musical abilities and he has been awarded many times. I admire his work and his extraordinary personality. My favourite piece of his work is Mahler symphony No.6. Despite his fame, he is modest and he prefers to work in Perm, a remote Siberian city,(even though he has been offered to work numerous times in the largest cities of Europe and even in the United States of America). He is a hard worker and as he says: "Music is not funny. Music can change us and teach us to love , to forgive, to help, to show our pity and compassion, to keep hope."

I am looking forward to seeing his performance in Athens in June.

Rani Laxmi Bai, the Queen of Jhansi popularly known as 'Jhansi Ki Rani' was a great freedom fighter of India. Queen Lakshmi Bai is very well known for her bravery. She comes in the list of the bravest queens in history. I have always been very fond of her for her boldness. Despite being a girl and born in a conservative society, she always stood with confidence and courage. She was always fantastic in archery and sword fighting. She has been my role model from my childhood. I miss no chance to know about her. No matter if it's a video or a movie, I am always ready to explore new things about her. One thing which inspires me the most

about her is that even when her husband bowed in front of the Britishers, she never got scared of them and looked right into their eyes. She then went on to fight against them for the freedom of her nation. In my opinion, every girl should be fearless and bold like her and should never tolerate injustice.

Antonio Vivaldi

BY THEODORA C.
SENIOR CLASS

Antonio Lucio Vivaldi (4 March 1678 – 28 July 1741), was an Italian composer and violinist who made tons of amazing musical artwork like his most popular one, “The Four Seasons”. In my opinion he left a decisive mark on the form of the concerto and the style of late Baroque instrumental music, as numerous people these days still listen to it. Vivaldi was such an excellent violinist, that in 1703 he was appointed violin master. He had perfected the form of what would become the classical three-movement concerto and he had also contribute in establishing the fast-slow-fast plan of it. He also made nearly 50 operas of which 16 survive complete. To sum up, Antonio Vivaldi was one of the most talented musical composers in history, as his pieces would express such energy, passion, lyricism and dramatic effects which rapidly passed into the general language of music!

Odysseas Elytis was one of the most important poets in Greece. He was born in Crete 2th of November 1911 and he was awared in 1979 with the Nobel Prize for Literature, the second and last Greek to date, to be awarded with this prize. It's the only thing you need to hear about this billionaire to know his the richest person on earth(alive). And well, he is the CEO of these things: SpaceX, Tesla, Twitter, The Boring Company, Neuralink, OpenAI, and the president of the philanthropic Musk Foundation.

To say he owns a lot is, well true. He is even planning on sending people to Mars, and he wants to have it be that going to space would be like a family road trip, not so expensive and hard. Well he didn't say that exactly but this is just explanation of what he said.

And i haven't even mentioned the fact he created and underground drill just because he got stuck in traffic and didn't want that to happen again. Fun fact: Tesla loses money on each sale, they just make profit thanks to funding from countries.

Development of our country is his first priority, and hardwork is his passion. Being the P.M. of our country; even at the age of 70 he never takes a day's off. He works for 15-20 hours each day. He is determined to make India one of the most developed country. His confidence is absolutely brilliant. In my opinion, his good deeds are the reason, he gets respect. I admire him for his selfless love

towards his country and countrymen. I wish to be hardworking and disciplined like him.

Homer

**BY THALIA P.
E SENIOR CLASS**

Homer, the greatest rhapsodist of all time, is believed to have lived about the 9th or 8th century BCE and was a native of Ionia (Asia Minor). About his appearance we know that he was blind and that he had a beard and curly hair. We are not 100% sure about anything we know about him because he didn't use to write information about his life. He is mostly known for his two most popular epics, Iliad and Odyssey which are standards in world fiction. Iliad, which has 15.000 lyrics, and Odyssey, which has 12.000, are both divided in 24 rhapsodies according to the number of letters of the Greek alphabet. Except from these two, he is believed to have written more epics, several religious hymns, an epic parody and a comic narration of a lame hero. I believe that he was the best ancient Greek poet and that he influenced and still influences world literature. He is still considered the most

Virat Kohli is an eminent cricketer known for playing cricket in all formats for India. He's the most followed cricketer on social media because of his amazing personality and contribution to Indian Cricket. He is my favourite cricket player. Giovanni is one of the best football players from Brazil. He played for Spanish Barcelona, Greek Olympiacos, and Brazilian Santos. Internationally, he played for the Brazilian national team. He was part of the Brazilian team that reached the 1998 FIFA World Cup Final. He was one of Barcelona's most valuable players, but at Olympiacos Giovanni had the happiest and most successful days of his career. He is still remembered as a club legend by the supporters. A versatile playmaker, his natural and favorite position was as an attacking midfielder. He was known for his world-class technique, his exceptional dribbling skills, and his outstanding flair and creativity on the ball. In my opinion Giovanni was an excellent football player. He was very fast and strong to his movement and Olympiacos fans remember him forever.

Stray Kids

by Mitrel Pullisaar

Stray Kids is a South Korean boy band formed by JYP Entertainment through the 2017 reality show of the same name. STAY is the official fandom name for the South Korean boy group Stray Kids. On August 1, 2018, five days ahead of their comeback, a video was uploaded on Stray Kids' YouTube channel, announcing the group's fandom name. The video first showed the group's logo, then the word "Kids" and the letter "r" from "Stray" disappeared, revealing the group's fandom name to be "STAY"

The group is composed of eight members: Bang Chan, Lee Know, Changbin, Hyunjin, Han, Felix, Seungmin, and I.N. Originally a nine-piece group, member Woojin left due to undisclosed personal reasons in October 2019.

In 2021, Stray Kids' second studio album *Noeasy* became their first million-selling album. Stray Kids' music is generally K-pop, hip hop, and electronic.

They are considered a "self-producing" idol group as the members are almost always involved in songwriting and composing and sometimes assist in arranging.

In August 2017, JYP Entertainment (JYPE) officially announced their new reality survival show with the goal of launching a male idol debut project. More details and teasers were released in the next two months, including the show's title, *Stray Kids*.

They compose the majority of Stray Kids' songs under the sub-unit name. Stray Kids is generally known as one of the most unique groups as they created themselves, unlike all of JYPE's other groups who were created by the company itself.

The group's name "Stray Kids" was not defined by JYP Entertainment but conceptualized by the members themselves. It originally referred to a lost child who wants to chase their dreams and later evolved to represent the idea of finding a way together out of the ordinary.

in 2022, the group released the EPs Oddinary and Maxident, which marked their first appearances atop the US Billboard 200 and on the UK Albums Chart.

The song “Circus” by Stray Kids is about the feeling of entering into a new and exciting place as if you were entering a circus. It talks about how the group is unstoppable and is ready to make history with their show. It encourages listeners to embrace the unique show they will bring and to make their own “manner mode” to fit in the “circus.”

The chorus emphasizes the feeling of the show with “well welcome to the zone, feeling good right now”, calling upon listeners to get caught up in the show and festivities. In the bridge, it emphasizes that no one can stop the show, encouraging listeners to join in on the fun and to not be afraid to have a good time.

I believe that listening to Stray Kids has become a new hobby for thousands of people across the world.

Even though I haven't met them, I still believe that they are confronting to listen to.

The Sound

Stray Kids' debut Japanese-language studio album, titled "The Sound", was released on February 22, 2023. The group will headline the music festival Lollapalooza in Paris for the first time as a K-pop artist in French music festival, scheduled to perform on July 21, 2023
